COMPLETE COURSE INFORMATION

Scuba Diver - The entry level course designed to teach the basic skills, equipment needs, safety concerns, physics, physiology and everything else that a person needs to know to become a happy, competent scuba diver. Pre-requisites: minimum age 12, in good health and able to swim. The **teen course** is taught once a year and is designed for ages 12 to 20 and covers the same material, just using more visual aids and handouts.

All courses include the NAUI Scuba Diver Education System (DVD, Audio CD, textbook, workbook, dive tables, log-book, pen, pencil), classroom and pool instruction, use of tank, regulator, BC for pool and certification card upon completion of dives. Price: \$245 Choose from:

Wednesday, March 5	6 pm to 10:30 pm	6 weeks	Instructor: Josh Skarzenski	Villa Pool
Friday, April 25	5 pm to 9:15 pm	6 weeks	Instructor: Linda Huston	Villa Pool
Sunday, April 27	9 am to 3:30 pm	5 weeks	Instructor: Larry Schaller	Eastside Y Pool

Advanced - Your next step after Scuba Diver to improve upon your skills, try different types of diving and have more FUN. After a brief classroom session (Tuesday, March 18 at 6 pm), pick from the dive schedule and come do a boat, night, navigation, S&R, deeper, current dive and more. Price: \$85, Instructor: Bill Legler

Master Diver - The Master Diver course is an intensive course that will increase your knowledge of equipment, the environment, physics, physiology, decompression and dives such as salvage, night, boat, deep, dive computers and navigation. Pre-requisite: Advanced & minimum age 15. Course will start Saturday, March 15. Approximately 20 hours of classroom instruction are needed and additional class dates will be decided upon by the class. Instructors: Linda Huston, Jim Zalas, Bill Legler & Gene Krahe. \$225 course fee includes NAUI Master Diver Educational System (textbook, workbook, DVD & CD), classroom instruction, NAUI certification.

Nitrox - Who ever said that air is the perfect breathing mix for scuba divers? Come learn why Nitrox (just a different mixture of oxygen and nitrogen) can extend your bottom time and lead to safer diving. Course covers the benefits of nitrox, the nitrox dive tables, how to set your computer for nitrox, how nitrox is made, special equipment considerations and more. Instructors: Linda Huston and Bill Legler. \$185 price includes Nitrox kit (book, 2 dive tables, Ocean x calculator, bumper sticker and nitrox pouch), classroom instruction, NAUI certification and 2 tanks of nitrox for training dives. Pick up the book asap and get reading!

Sealife Camera Seminar - This mini seminar will cover cameras made by Sealife only and will offer tips on setting up your camera and strobe, safely entering and exiting the water with your camera, camera settings, getting a better photo, batteries, maintenance, photo storage and more. It is a hands on seminar, charge up your battery and bring your camera! Instructor: Linda Huston Price: \$40 (\$20 discount if you bought your camera at Diver's World!)

Pre-register today by phone, e-mail or at Diver's World and pick up your course materials.
